Perform DoS attack

Perform DoS attack on IED

Perform DoS attack on the target IED from SCADA

- Discovery of IED from SCADA
  - Lateral spread to SCADA
- Lateral spread to SCADA
- Discovery of target IED's process bus network interface not from SCADA
  - Discovery of IED with the process bus rogue device
    - Attach rogue device to the process bus
  - Discovery of target IED from MU
    - Lateral spread to MU
  - Discovery of target IED from IED
    - Lateral spread to IED

Perform DoS attack on IED from from station bus switch

- Lateral spread to the station bus switch
  - Lateral spread to the station bus switch from the station bus rogue device
    - Discovery of the station bus switch from the station bus device
      - Attach rogue device to the station bus
  - Lateral spread to the station bus switch from corporate WAN
    - Discovery of the station bus switch from corporate WAN
      - Gain foothold to corporate WAN
  - Lateral spread to the station bus switch from IED
    - Discovery of the station bus switch from IED
      - Lateral spread to IED
  - Lateral spread to the station bus switch from SCADA
    - Discovery of the station bus switch from SCADA
      - Lateral spread to SCADA
- Discovery of IED's station bus network intarface
  - Discovery of IED with station bus rogue device
    - Attach rogue device to the station bus
  - Discovery of IED from corporate WAN
    - Gain foothold to corporate WAN
  - Discovery of IED from SCADA
    - Lateral spread to SCADA
  - Discovery of target IED from IED
    - Lateral spread to IED

Symbols legend
- Rhombus -> goal
- Circle -> tactics
- Hexagon -> technique
- Two edges symbol -> root of subtree
- Horizontal line -> AND branching
